

As promised, we are reporting the COVID Risk Color according to the Global Pandemics metric of COVID 19 risk.

As of October 1st our COVID Risk Factor is Red. This indicates we will continue with Outdoor Worship and encourage groups to meet outdoors. 1-2 people will be allowed in the building for necessary errands which have been scheduled through the office. We will be re-evaluating the situation on October 15th and will report back to you at that time.
