

# Return to In-Person Guidelines

Given the continued improvement of Covid cases and vaccinations in our county, the following mitigation steps will begin on July 10th:

- Masks:
  - Saturday 5:30 & Sunday 8:30 - Mask wearing is optional, though we encourage folks to continue wearing masks; especially those who are unvaccinated
  - Sunday worship service 10:30 - for a trial month we will have one service where we will ask folks to continue wearing masks. We want to provide a safe landing point for those who aren't quite ready to stop wearing masks or can't attend a service where masks are optional. We will review after the first month if this mitigation step remains essential and helpful.
- Meals, Coffee Hour, Selling of items, Blood Drive, etc.
  - The activities mentioned above and others may begin. However, we ask that they occur in PBH or another gathering hall so as to prevent congestion in the narthex and allow for folks to easily opt in or opt out of the activities.
- Other mitigation steps:
  - At this time we are lifting all other mitigation measures. We will have a sign up sheet available for folks to check in when they're here but we will try to use it as a safety measure as much as a mitigation step.

We will review the changes as needed
